Why a DCO Membership?

For over 40 years Distress and Crisis Ontario (DCO) has worked on behalf of, and with its membership to build the capacity of community based organizations offering distress and crisis line services and providing suicide prevention support. DCO is funded primarily by the Ministry of Health and Long Term Care and its programs, projects and services are determined by the membership.

A DCO membership is ideal for board governed non-profit organizations that provide telephone-based or chat and text-based distress and/or crisis services and/or suicide prevention services to their communities; or for a program, department or division of a community organization that specializes in telephone, chat, text and/or web based support to their communities.

Strength through partnership and collaboration.
